Kitchen Fire Damages House

ARVADA – The Arvada Fire Protection District was called to a house fire at 12:23 a.m. on Sunday, April 15, 2007. Calls to the 9-1-1 dispatch center stated that the kitchen was on fire and that flames and smoke could be seen. The initial fire truck on scene reported that smoke was coming from the rear of the structure. The homeowner told the initial fire crews that she was the only person home at the time of the fire and a search of the home confirmed that no one was inside. The fire was declared under control at 12:37 a.m. and completely out at 12:45 a.m. Fire damage was limited to the kitchen but there was some smoke damage through other areas of the home.

The cause of the fire is undetermined at this time and is still under investigation by Arvada's Fire District's Fire Marshal's office. There were no civilian or fire fighter injuries.
